250-492-0173

Private landowners can make a difference and the South Okanagan-Similkameen Stewardship Program can help!!

We invite you to actively steward the natural areas on your property. You can make this valley a better place for future generations.

Do you have land with grasslands, dry shrubby areas, wetlands, open forests, cliffs, or land along lakes, rivers or streams? Get involved. Learn more about the plants, birds, insects, and wildlife that live on your property. Become a Wildlife Habitat Steward.

Please contact the SOS Stewardship Program of TLC The Land Conservancy at 250-492-0173.
